# **Product information**

The hardened steel cutting rollers with a lifetime warranty can easily cope with staples and paper clips and guarantee durability.

To empty the waste container, the housing top can be easily removed – a practical, recessed grip facilitates handling.

The high quality materials and proven HSM "Made in Germany" quality guarantee you are receiving a safe and durable machine.

#### **Quiet operation**

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

#### Low power consumption

The stand-by and automatic switchoff features ensure a high degree of energy saving when the shredder is not in use.

## Anti-paper jam function

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

## High level of user safety

User safety is paramount. A slight pressure on the safety element immediately stops the paper feed and prevents unintentional entry into the machine.

### **Automatic start/stop**

The operation is very easy: the device starts automatically when fed with paper and automatically stops after shredding is complete.

Lifetime warranty on solid steel cutting rollers at security levels P-2 to P-5 (according to ISO/IEC 21964).
