### Quiet operation

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

### Low power consumption

The stand-by and automatic switch-off features ensure a high degree of energy saving when the shredder is not in use.

### Anti-paper jam function

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

### High level of user safety

User safety is paramount. A slight pressure on the safety element immediately stops the paper feed and prevents unintentional entry into the machine.

### Automatic start/stop

The operation is very easy: the device starts automatically when fed with paper and automatically stops after shredding is complete.

Lifetime warranty on solid steel cutting rollers at security levels P-2 to P-5 (according to ISO/IEC 21964).
