<b>Bale weight:</b>	40 kg		
<b>Width x Depth x Height:</b>	810 x 735 x 1280 mm		

### Product information

The HSM V-Press 60 compresses plastic foils, plastic and paper bags as well as lightweight boxes and packing paper

The lever action allows the HSM V-Press 60 to produce well-compressed, stackable bales

Does not need any electricity, servicing or maintenance

### User-friendly

The HSM V-Press 60 is effortless to operate with a minimum amount of strength.

### Mobile

Move the HSM V-Press 60 to where the waste is produced. It fits through every door and in every lift!

### Compact bales

The bales of approx. 40 kg can be stacked and are easy to transport.

### Workplace kept clean

Used packing material is fed into the HSM V-Press 60 immediately after unpacking and does not need to be transported to interim storage.

### Precompactor for hydraulic baling presses

The bales produced can be re-pressed in hydraulic HSM baling presses, i.e. compressed into denser and larger bales.

### Environmentally-friendly

Better truck loading with HSM bales, and fewer trips by truck as a result.
