

HSM V-Press 60

HSM V-Press 60 vertical baling press

The mobile baling press HSM V-Press 60 compresses plastic film and lightweight packaging material right where the material is.

Product information

The used packing material is fed into the HSM V-Press 60 immediately after unpacking and does not need to be transported to interim storage

Effortless to operate with a minimum amount of strength

Does not need any electricity, servicing or maintenance

Bales produced can be re-pressed in hydraulic HSM baling presses i.e. compressed into denser and larger bales.
