# **Product information**

Width x Depth x Height:

The HSM V-Press 60 compresses plastic foils, plastic and paper bags as well as lightweight boxes and packing paper

The lever action allows the HSM V-Press 60 to produce wellcompressed, stackable bales

Does not need any electricity, servicing or maintenance

# **User-friendly**

The HSM V-Press 60 is effortless to operate with a minimum amount of strength.

#### Mobile

Move the HSM V-Press 60 to where the waste is produced. It fi ts through every door and in every lift!

### **Compact bales**

The bales of approx. 40 kg can be stacked and are easy to transport.

# Workplace kept clean

Used packing material is fed into the HSM V-Press 60 immediately after unpacking and does not need to be transported to interim storage.

# Precompactor for hydraulic baling presses

The bales produced can be re-pressed in hydraulic HSM baling presses, i.e. compressed into denser and larger bales.

# **Environmentally-friendly**

Better truck loading with HSM bales, and fewer trips by truck as a result.
