

HSM Crusher 1049 SA

HSM PET-Crusher 1049 SA

As a result of the HSM solution, the space required for returned empties is reduced to approx. 25-30 % of the original volume and as such, also reduces the time required for disposal. The special roller system perforates and crushes the containers. The sidewalls mesh into each other, making the reduction in volume permanent. Crushing has an additional advantage: deposit plastic bottles and cans are reliably invalidated.

Product information

An efficient system for the volume reduction of PET bottles and cans down to 1/3 or 1/4 of the original

Crusher rollers made of specially hardened and ground steel, completely resistant to wear and very strong, for a long service life

Throughput per hour up to 2400 PET bottles (1 litre)

The cutting head can also be used in combination with a deposit return machine

Technical data

Order number:	1697124	Durchsatz (1l Flasche/h):	2000
EAN	4026631018050	Width x Depth x Height:	793 x 1751 x 2037 mm
Driving power:	3 kW	Weight:	288 kg
Voltage / Frequency:	400 V / 50 Hz	Industry type:	Industry & Manufacturing, Retail, Food & beverage industry, Recycling & Disposal
Working width:	490 mm		
Loading height:	1206 mm		
Container volume / collecting:	290 l	Press material:	PET bottles, aluminium beverage cans, soft packaging, PET beverage and aluminium cans, soft packaging
