### Quiet operation

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

### Blue Angel

The document shredder has been awarded the Blue Angel certificate for its durable construction, low energy consumption and the use of environmentally friendly materials.

### Anti-paper jam function

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

### High level of user safety

User safety is paramount. A slight pressure on the safety element immediately stops the paper feed and prevents unintentional entry into the machine.

### Automatic start/stop

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.
