# **Product information**

The hardened steel cutting rollers with a lifetime warranty can easily cope with staples and paper clips and guarantee durability.

In stand-by mode, intelligent control programme EcoSmart ensures there is an exceptionally low power consumption of 0.1 watts.

The full bin is indicated via the display and the machine switches off automatically.

#### **Quiet operation**

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

## **Blue Angel**

The document shredder has been awarded the Blue Angel certificate for its durable construction, low energy consumption and the use of environmentally friendly materials.

## Anti-paper jam function

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

# High level of user safety

User safety is paramount. A slight pressure on the safety element immediately stops the paper feed and prevents unintentional entry into the machine.

# **Automatic start/stop**

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.
