

HSM SECURIO C18 - 3.9 mm

Compact, functional and convenient. With cutting rollers made from hardened steel and a pressure-sensitive safety element. The quiet document shredder with a removable waste container - for demanding users in the private sector or small office.

Technical data

Order number:	1910121	EAN:	4026631056755
Cutting type:	strip cut	Cutting size:	3,9 mm
Security level (DIN 66399 / E-2 P-2 T-2 ISO/IEC 21964):		Cutting capacity in sheets 80g/m²:	13 - 15
Autofeed in sheets:	-	Noise level (idle operation):	ca. 55 - 58 dB(A)
Intake width:	230 mm	Container volume / collecting:	25 l
Collection volume in sheets:	225	Power consumption:	360 W
Voltage / Frequency:	220-240 V / 50 Hz	Width x Depth x Height:	365 x 280 x 542 mm
Machine weight:	9.8 kg		

Product Information:

An integrated light barrier automatically starts the device when paper is introduced into the feed and it automatically stops after shredding is complete.

The full bin is indicated via the display and the machine switches off automatically.

The paper feed with overload protection reduces paper jams and sustains the high throughput of paper.

The document shredder has been awarded the Blue Angel certificate for its durable construction, low energy consumption and the use of environmentally friendly materials.

In stand-by mode, intelligent control programme EcoSmart ensures there is an exceptionally low power consumption of 0.1 watts.

The waste container can be easily removed and emptied.

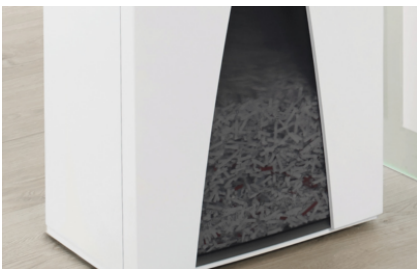

The quiet operating mode minimises noise development in the workplace which is an important consideration for your staff.

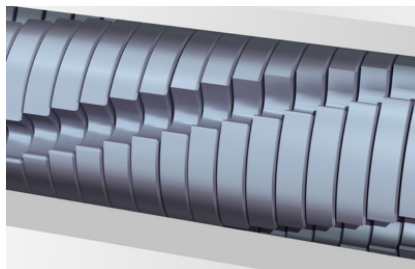

The device can be intuitively operated with the multifunction element.

User safety is paramount. A slight pressure on the safety element immediately stops the paper feed and prevents unintentional entry into the machine.

The filling level of the waste container can be seen at all times through the inspection window.

The hardened steel cutting rollers with a lifetime warranty can easily cope with staples and paper clips and guarantee durability.

The operation is very easy: the device starts automatically when fed paper and automatically stops after shredding is complete.

The high quality materials and proven HSM "Made in Germany" quality guarantee you are receiving a safe and durable machine.
