

HL 4809 ST, 9,2 kW 620007512

Used horizontal counter plate press HL 4809

- Year of construction 2019
- Wire strapping

Technical specifications

- Main drive power: 9.2 KW
- Motor efficiency IE3 according to IEC standard 60034/30
- Total drive power: depending on additional equipment
- Voltage / frequency: 3 x 400 V / 50 Hz + N + PE
- Pressing force: 480 kN
- Specific pressing force: 58 N/cm²
- Pump delivery rate: 56 l/min
- Tank capacity: 98 litres
- Filling opening (W x L): 1020 x 900
- Bale/channel cross-section (W x H): 1100 x 750
- Bale length: 1200 mm
- Bale weight for shop goods 1.04 (B19): up to 420 kg and bale length approx. 1200 mm
- Cycle time (pressing stroke in idle mode forwards and backwards): approx. 35.00 sec
- Space requirement of the machine (L x W x H) with integrated lifting-tilting device and swivelling radius: 6149 x 2728 x 2991 mm

Technical description HSM HL 4809 ST

- Beak shaft
- Fully automatic crimping
- horizontal 4-fold strapping by means of Quick - Link - wire
- Pressing interval control via light barrier
- Operating side on the right when viewed in the pressing direction
- HSM processor control incl. bale counter and service mode
- Foil keypad with selectable programmes for cardboard and film and graphic display
- Bale removal via Euro - pallet pick-up either from the side or from the front
- Paint finish:
Press RAL 7035 (light grey)
- Basic machine weight without additional equipment approx. 5.9 tonnes
- Including technical documentation within the EU in national language
- Including GS mark (tested safety) for the baler
- Including manufacturer's declaration (CE - conform) for the baler

Additional equipment:

Oil cooler, cooling capacity 9 kW
(motor power 1.1 kW) for operation with high utilisation
at high ambient temperatures

Safety chain link
For emergency stop integration,
consisting of 2-channel potential-free outputs and inputs

technical and optical modifications reserved
product image is an example image

delivery time: on demand

Modifications and errors reserved

Dettagli tecnici

Numero Ordine:	6423P04640G04387	Standort:	Polonia
Forza di compressione:	480 kN	Tipo di prodotto:	Presse imballatrici orizzontali
Tensione / Frequenza:	400 V / 50 Hz		
Peso:	5900 kg
